

2018 – Dates for your Diaries.....

CycleKnutsford would like to invite you to several up-coming events:

Cheshire Fire & Rescue service: Cycle Safety Course (Pedal Smart)

Wednesday 30th May - 11am

(Limited places are available so book a place now - email su.russell7667@gmail.com)

This is a super opportunity which has arisen and we have been invited to participate by Cheshire Fire & Rescue service.

They have been working closely with British Cycling to produce a cycle safety course (Pedal Smart). They will be holding a pilot of the course on Wednesday 30th May at their **Safety Central Centre** in Lymm starting at 11am. Representatives of invited Cycle Clubs are able to attend the presentation to be delivered by a British Cycling trainer, and to provide feedback on the content. Later, if this is something that would be beneficial to our group, we could arrange for it to be delivered again at Knutsford fire station. The presentation covers many of the safety aspects that riders, or drivers, can become complacent about.

CycleKnutsford have been speaking to the organiser who has said they have some state of the art facilities and equipment/technology that would be fascinating to see.

Manchester Airport Community Relations Team

Wednesday 16th May.

If you are over 65 years and live in Knutsford, you can join the Community Relations Team from Manchester Airport, at the Jubilee Hall near Booths, for a FREE continental breakfast 'or' a Strawberry afternoon tea! There will be light entertainment and a free raffle.

Tickets are available – if you would like a free ticket then please call 0161 489 5877 and leave your name and number:

- **Morning** - 10am to 12:30am – Continental Breakfast
- **Afternoon** - 2pm to 4pm – Strawberry Tea

Highways England Plans for M6 - J19

Wednesday 16th May 10am - 6pm

At **Mere & Tabley Community Club**, Chester Road, Mere, Knutsford WA16 0PU.

An opportunity to find out more about progress Highways England is making with plans to improve junction 19 of the M6 motorway.

Since they announced the preferred option for improving the junction last year, they have been developing the detail of the design, and would like to share what they have been doing and give us a chance to find out more.

Please feel free to drop in on either of those days between the times stated. The Highways England team will be pleased to see you. Please note that access by car to the Community Club is from the A50 Warrington Road, rather than from Chester Road.

You can also find out more by visiting The Highways England web page at: <http://roads.highways.gov.uk/projects/m6-junction-19>

All the best - happy cycling!

Su Russell
